Co ACEP Leadership Fellow 2010-2011

National ACEP Reimbursement Committee 2010-current

911 Team Captain Member

NEMPAC Donor 2004-current

CO ACEP- Medical Liability Task Force

Years in Colorado: 4.5 years

Candidate Statement:

I have called Colorado home for the last four years and plan on retiring in this great state. Since arriving to Colorado I have enjoyed renewing my affiliation with ACEP on a state and national level. I am involved on numerous committees and attended Scientific Assembly and Leadership and Advocacy Conference the last two years. I have attended nearly every board meeting in the last year as the leadership fellow and believe I have gained a sense of what it means to be a board member. In current tumultuous healthcare reform time, there remain many questions as to the effect on EM. I believe my business background could be beneficial and add perspective to impact of this bill on the delivery of healthcare. I appreciate your consideration.
